

Dayane Arlette Puente Puente

Laboratory of Bioacoustics and Behavioral Ecology, Instituto Politecnico Nacional IPN,
CIIDIR Unidad Oaxaca.

Email: dpuentep2300@alumno.ipn.mx

Professional Profile

PhD candidate in Conservation and Sustainable Use of Natural Resources with expertise in bird ecology, bioacoustics, and wildlife management. Experienced in field research, statistical analysis, and the use of specialized software for ecological data. Strong background in ornithology, environmental education, and conservation projects at national and international levels.

Education

PhD in Conservation and Sustainable Use of Natural Resources (in progress)
CIIDIR-IPN

MSc in Wildlife Management
Universidad del Mar

BSc in Agroecological Engineering
Universidad Autónoma de San Luis Potosí

Research Interests

- Bird ecology and conservation
- Bioacoustics and vocal activity
- Human-wildlife interactions
- Sustainable agriculture and biodiversity
- Wildlife monitoring and data analysis

Technical Skills

QGIS, R, SAS, ATLAS.ti, Maxent, SigmaPlot, Distance, BirdNET, Avisoft, Raven, Syrinx

Publications

Puente, D.A. (Year). Farmers' perception of wild birds consuming maize in the Costa region of Oaxaca. Boletín de la Sociedad para el Conocimiento y Manejo de Especies.

Congresses and Conferences

- National Meeting of Rural Schools, 2017
- 1st Conference on Wildlife Management and Conservation, 2018
- Rio Grande Valley Birding Festival, 2018
- 1st Conference on Wildlife Management and Conservation, 2018
- 1st Agroecology Congress, 2019
- Rio Grande Valley Birding Festival, 2019
- 2nd Conference on Wildlife Management and Conservation, 2019
- National Meeting of Urban Birdwatchers PAU, CONABIO, 2019
- The Wildlife Society Annual Conference, 2021
- RAMSAR, 2021
- XVIII Congress for the Study and Conservation of Birds in Mexico, 2022
- VIII Mexican Congress of Ecology, 2022
- XX Congress for the Study and Conservation of Birds in Mexico, 2024
- IX Mexican Congress of Ecology, 2024
- Global Nightjar Network, 2024
- ATBC, 2025

Conference Presentations

- My internship in the productive sector (SNICS).
Research Seminar, UASLP 2018
- Breeding of the barn swallow at the Faculty of Agronomy and Veterinary Medicine, UASLP.
2nd Conference on Wildlife Management and Conservation, 2019
- Evaluation and management alternatives of birds that consume corn crops in the Sierra Madre del Sur, Oaxaca.
The Wildlife Society's Annual Conference, 2021
- Farmers' perception of wild birds consuming maize in the Costa region of Oaxaca.
VIII Mexican Congress of Ecology, 2022
- Evaluation and management of birds feeding on maize crops in Santa María Colotepec, Oaxaca.
CIMAPEX 2022
- Geographic variation and behavioral ecology of the Mexican Whip-poor-will.
Polytechnic Symposium 2023
- Vocal activity along an altitudinal gradient in two montane neotropical nightjars.
IX Mexican Congress of Ecology, 2024
- Vocal activity along an altitudinal gradient in two montane neotropical nightjars.
CIMAPEX 2024
- Singing in the moonlight: Vocal activity in two neotropical nightjars in Oaxaca mountains.
Global Nightjar Network 2024
- Vocal activity and prey availability in two nightjar species (Aves: Caprimulgidae) in Mexico's Neotropical Highlands.
ATBC 2025

Continuing Education

- Organic composts and fertilizers, November 2016
- Sea turtle management and work in turtle camps, June 2016 – Flora, Fauna y Cultura de México A.C.
- Bird identification and data collection on the platform, January 2017 – eBird
- Pfeiffer Chromatography, October 2018 – UAQ
- Entrepreneurial talent development in agribusiness, August 2018 – SAGARPA
- Handling and containment of snakes, September 2018 – SEGAM
- Waterfowl management and habitat in Mexico, November 2018 – DUMAC
- Bird Identification in 12 Steps, November 2018 – RGV Birding Festival, Steve N.G. Howell
- Ebird essentials 13, February 2019 – The Cornell Lab of Ornithology
- Animal Behaviour and Welfare, March 2019 – University of Edinburgh
- Camera trapping for wildlife, November 2019 – Wildlife Management
- Geographic Information Systems with open-source software, July 2020 – Celebios
- Be Better Birder: Size and Shape, July 2020 – The Cornell Lab of Ornithology
- Webinar 'Animal Health and Welfare,' October 2020 – Universidad Autónoma de Tlaxcala
- Introduction to geospatial information use and representation, August 2020 – CentroGeo
- Bird Identification, May 2021 – Tierra de Aves, Manuel Grosselet
- International Course on Wildlife Tracking, December 2021 – Universidad Autónoma de Morelos
- Korean language, since December 2021 – Mubang
- Webinar 'Long-term bird monitoring in the Maya Mountains of Belize,' December 2021 – IBP
- Webinar 'Introduction to Autonomous Recording Units (ARUs) and Artificial Intelligence (AI),' January 2022 – IBP
- Introduction to Socio-Ecological Systems, April 2022 – CentroGeo
- ABC of Wetlands, March 2022 – CONANP
- Bird Banding, April 2022 – Tierra de Aves
- Telemetry and antenna installation for birds, 2024 – University of Illinois-Champaign
- Field techniques for wildlife studies: Theory, application, and analysis, 2024 – UNAM, Chamela Biological Station

Research Projects and Investigations

- Development of two bean varieties under heat stress, UASLP.
- Breeding of the barn swallow at the Faculty of Agronomy, UASLP.
- Evaluation and management proposal of birds affecting maize crops in Santa María Colotepec, Oaxaca.
- Bird and pollinator-friendly gardens – Environmental education project.
- Urban Bird Program (PAU) Ojo de Lumbre – Workshops and talks on birdwatching and the importance of birds.
- Environmental education in schools of the Sierra de Oaxaca (Birds and Bioacoustics).

Volunteering

- Flora, Fauna y Cultura de México – Marine turtle monitoring, Xcacel-Xcacelito, June 2016
- CONABIO – Urban bird observation and identification workshops, San Luis Potosí;
Coordinator of Urban Bird Project (PAU), 2017–present
- Vive Mar – Sea turtle camp and bird banding camp, April 2022

Awards and Scholarships

- 2018: Second place in poster presentation. Week of Science UASLP. Ecología de la reproducción de la golondrina tijereta (*Hirundo Rustica*) en la facultad de agronomía UASLP
- 2020-2023: Scholarship for National Graduate Studies, MSc., Consejo Nacional de Ciencia y Tecnología (CONACyT), Mexico.
- 2023-Present: Scholarship for National Graduate Studies, Ph.D., Consejo Nacional de Ciencia y Tecnología (CONACyT), Mexico.
- 2021: IdeaWild Grant Equipment
- 2022: Scholarship for the registration congress SCME
- 2023: Scholarship for the registration congress and travel award CECAM
- 2024: Scholarship for the registration congress ATBC
